

Mayfair Needs a New Building!

Reasons why Mayfair needs a new building

- Middle School Expansion: Need more classrooms to offer advanced courses and electives to all equal access to programs of other middle schools in East Baton Rouge Parish.
- Locker rooms needed for middle school students to dress out for P.E. and sports programs
- Gym to accommodate middle school sports and activities.
- Larger cafeteria to accommodate more students at one time.
- Limited parking (events are well attended by parents and parking is challenging especially when the overflow field area is saturated from rains)
- Outdated facility (built in 1962)

Reasons why Mayfair should be at the top of the list

- No land acquisition is needed (there is enough land at the current Mayfair site to build a new facility)
- The school population would not need to relocate during the building process (We would not need to occupy another site.)
- Successful program (consistently an A school) with a diverse population.
- Families choose to come to Mayfair over attending private schools - So Mayfair brings MFP funds back into the district
